Good Morning,

Thank you for your participation in our UC Recruit implementation efforts. At this time, the majority of departments have completed our introduction and training sessions, with only a handful of departments remaining to be trained. We are on target for full deployment to campus by July 1, 2013.

As promised, we have updated our project website (https://ap.ucsb.edu/projects/recruit/) to address some of the common questions that we've received throughout these sessions. Please refer to the updated Q&A page, as well as the updated Resources page, which contains the new "How To" Guides section:

- Creating a Professor Level Recruitment
- Creating a Lecturer Level Recruitment
- Creating a Recruitment that is "Open Until Filled" and has a "Primary Consideration Date"
- Creating a Pooled (Multiple Positions Available) Recruitment
- Updating an Applicant's Status

We hope these new resources are helpful to you. Please let us know if you have any additional feedback or suggestions.

Email: help@ap.ucsb.edu
Phone: 805.893.2495
Office Hours: Thursdays 9:00am-10:00am, 1207 SAASB

We look forward to working with you on your recruitments in this new system.
